Frank has made an enviable record at Stanford, having completed his difficult course one semester early, besides taking extra work. The Press joins with his many friends in best wishes for his success.

Note of Appreciation.

I wish to express to my friends my sincere appreciation of their confidence in me as shown by their loyal support at the election Monday. Later I hope to be able to thank them personally.

Ralph H. Hyde.

Exciting Mistake

Monday was election day of the real old-fashioned get-out-and-hustle-votes variety, and considerable excitement and rivalry was aroused.

There were 188 votes cast, Ralph Hyde getting a unanimous vote. L. Genasci received 96, E. E. Lanphear 95 and C. A. Sutter 95.

Through some oversight on the part of the commissioners as to the manner of procedure as laid down in the law effective July 26, 1919, concerning fire commissioners' elections, there has been no election, and the old fire commissioners will hold over until next regular election.

The Board will decide by lot as to whose term will expire next April, the year after, and who will hold for three years. No change in fire chief has been contemplated as Ed Genasci has made a most efficient man for that position, and has the companies well drilled for their work.

Light Payments Due

The following letter concerning our district light bill is self-explanatory:

PACIFIC GAS AND ELECTRIC COMPANY
San Jose District.

San Jose, Cal., April 1, 1920.

Mr. Roy Archibald, Campbell, Cal.,

Dear Sir: Enclosed herewith please find bill for Street Lighting at Campbell to March 31, amounting to $97.68.

While in the past the community was very prompt in the payment of this bill, such is not the case now, and we have been very lenient with them the past year. We are now obliged, however, to demand a prompter settlement of the bill, and if payment of this account is not made within ten days from date, we will be obliged to discontinue further lighting service at Campbell.

We realize that you are not personally responsible for this condition, but we are addressing this to you as we know that you have been handling the funds for payment of this bill.

Yours very truly,
John D. Kuster,
Manager.

The J. C. Ainsley family spent the week-end at Carmel-by-the-Sea.

Among the ladies in attendance upon the meetings of the Congress of Mothers in San Jose, from this community, were: Mrs. A. H. Downing, of Union, who is district treasurer; Mrs. F. E. Duncan, of Cambrian, parliamentarian; Mrs. C. W. Toles, chairman of the Good Roads committee; Mrs. I. P. Beal, president of Campbell Home and School club, acting as page during the convention; Mrs. F. G. Candee and Mrs. A. H. Osborn, delegates; Mrs. C. W. Gilman, Mrs. W. H. Allan, Mrs. W. I. Merrill and Mrs. H. C. Smith, Campbell, and A. B. Townsend and Louis Shelly of Cambrian, the last named lady also acting as page.

The Del Monte Kid

Although the name "Del Monte Kid" is slightly suggestive of banditti, or the riders of the cattle range, our hero is none of them. He is the typical American boy. More than that, he represents the normal American boy at his favorite pastime.

He smiles at you, it may be, from your morning paper; or perhaps he grins cheerfully from a gigantic sign-board by the roadside. Certainly, if you care to look, you'll see him beaming at you from the show window of "Blaine's."

He's a happy boy. Joy radiates from that countenance as light does from an electric lamp. Observe closely, and you'll see the source of his inspiration. Beans it is; a whole plate full of them. And it's a large plate, you'll notice, suited to the typical American boy's big appetite, an appetite that's going to build a real man. The boy is saying something. "Hey, fellers," he calls, "look—Del Monte Beans!" His joy bubbles over because he's just had a mouthful, and he's about to take another. See, the delight just experienced, plus the ecstacy in anticipation, almost cracks his face. You can't doubt that eating Del Monte Beans is his favorite pastime, can you?

But there's more than simple joy in that face. There is invitation. He wants you to have some, too. From the expression in his eyes you can just imagine him exclaiming, in his boyish way, "My stars, but these Del Monte Beans are swell! Get in the game!" You wouldn't hesitate to join in the fun, either, if you knew how delicious these beans are. If you haven't sampled them yet, the Del Monte Kid thinks you're missing half your life. Don't lose a second! Order half a dozen 15c cans right now!

MY GARDEN

If after day's routine
My nerves refuse to calm,
There's only one retreat
Where I find soothing balm.
Whether it's a full day
Or sun is shining bright,
'Tis a most peaceful nook,
A scene for heart's delight.
There delicate flowers
Hold up their budding heads
And heavily laden air
With perfume sweetness spreads.
I love the bumble bees
And watch them for hours
As they for honey kiss
My sweet, smiling flowers.
Once I've heard queer buzzing,
Different from bumble bee,
Surprised stood I gazing,
Wondering what could it be.
Its speedy little wings
Made sound I've never heard—
Of all the pretty things,
It was a humming bird.
It comes to my garden
Every hour of the day,
Hums to me a tone or two,
Then swiftly flies away.
Sweet music fills the air
As those creatures rise high
And laden with honey
To their tiny homes fly.
I'm working my garden,
Digging with spade and hoe,
For those hidden beauties
Which my soul longs to know.
Thus I'm cultivating
A spot where flowers may
All beauties of nature
Most profusely display.

WOULD'NT HE LIKE TO BE TICKLED ABOUT NOW?

San Francisco.—Diplomatic relations were ruptured in the household of Alexandre Khodjayan, former official of the Russian Government, when his wife, Mrs. Blanche Khodjayan, tickled the neck of a great dignitary who sat next to her at a banquet of thirty high officials in Petrograd, according to the divorce complaint Khodjayan filed in the Superior Court.

When the young bride he had taken in London a few months previously "jazzed up" the official party with her antics, according to the complaint, there ensued "great whispering and merriment but poorly concealed among the thirty officials, to the intense humiliation of plaintiff."

The Khodjayans came to San Francisco in 1915. He was interested in the Russian exhibit at the Exposition, and for a time was an attache of the local consulate.

When he was in a hospital, he says, his wife was entrusted with $45 to take to him, and spent a large part of it on the way to the hospital to buy fancy stockings for herself. At the hospital she displayed her purchases, which she was wearing, to him, and to others in range. he says, to such an extent that he was grievously humiliated.

Khodjayan asks the Court to give him custody of their four-year-old daughter, charging that the mother is unfitted by "temperament and early environment" properly to care for the child.

MELVILLE M. MARX OF S. F. THEATER CONCERN IS DEAD

San Francisco.—**Melville M. Marx,** early San Francisco theatrical man, and member of the firm of Gottlob & Marx, owners of the Columbia Theater, died March 30 at his home, 3505 Jackson street, of heart affection. He was 56 years old and was born in San Francisco.

Marx was taken ill at the Columbia Theater Sunday, but was able to drive home in his automobile. He failed to rally, and a second attack proved fatal. Twenty-five years ago, with J. J. Gottlob, he built the first Columbia Theater, coming here after several years passed in Roslyn, Wash. Following the fire the firm opened the Van Ness Theater, and later built the present Columbia.

Marx's father was Samuel Marx, a pioneer of San Francisco. The theatrical man is survived by his widow and a son, Melville Marx, Jr., and a daughter, Flora Marx. He was a member of the Commonwealth and Concordia clubs and the Masonic order.

CRAZED WOMAN KILLS CHILDREN

After Taking Lives of Her Five Little Ones, Mother Kills Herself

Elk City, Okla.—That she killed her five children early March 31 and then slashed her own throat was told in a hospital here by Mrs. Elmer Cowart shortly before she died.

The tragedy took place at the tent home of the Cowarts near here. The bodies were found by the father, a mill hand, on his return from work.

In a written statement the woman said sickness and loneliness had unbalanced her mind. She said she used an ax, knife and razor to end the children's lives.

Screams of the children attracted a man who was plowing a field nearby, but all the children were dead before he reached the tent and the mother had succeeded in slashing her own throat. The eldest of the children is a boy 10 years old, and the others are a girl 7, a girl 5, a boy 8, and a baby girl, 4 months old.

The three older children were found piled on a bed, their heads crushed and their throats cut, while the other two were lying beside the mother on the floor, in the same condition.

She had been slightly despondent since an attack of influenza, her husband said today, but had shown no signs of mental derangement. Cowart arose early this morning and before he went to his work his wife prepared his luncheon for him, apparently well and in the best of spirits.

THREE WOMEN KILLED BY ELECTRIC TRAIN

Pasadena.—Three women, residents of Pasadena, were killed March 31, when the automobile in which they were returning from a picnic was struck by a Pacific Electric train at Oak Park, near here. The chauffeur was seriously injured.

The dead: Mrs. E. P. Clapp, wife of a retired physician; Mrs. W. L. Green, wife of a capitalist; Miss Ida Pirrett, founder of a local school for girls and head of the institution until her retirement, five years ago.

Harry E. Goodwin, the chauffeur, suffered a broken ankle and several serious scalp wounds.

The three women were dead and the chauffeur unconscious when they were picked up after the train had thrown their automobile clear of the track.

NEVADA COUNTY FAMILY HAS ONE DOZEN CHILDREN

Nevada City.—One of the largest families found in Nevada county by Federal census enumerators is that of James Penrose, United States mail carrier, between Relief Hill and North Bloomfield. Mr. and Mrs. Penrose have twelve living children, and their ages are only 37 and 34, respectively. The enumerator was told that the couple married when the husband was 17 and the wife 14 years of age and that babes have been coming almost annually ever since.

Penrose's income seems all out of proportion to the size of his family. He earns $400 per year as mail carrier and odd sums at certain seasons as woodchopper.

Los Angeles.—Mary Pickford, who early this month obtained a divorce at Minden, Nev., from Owen Moore, is now the wife of Douglas Fairbanks, it became known here March 30. Fairbanks' first wife obtained a divorce nearly two years ago in New York. Miss Pickford and Fairbanks obtained a marriage license here secretly last Friday, March 26, and at 10:30 o'clock Sunday night, March 28, the ceremony was performed by Rev. James Whitcomb Brougher, pastor of the Temple Baptist Church, at the latter's residence.

San Jose.—Nine schools exclusively for Japanese are open in Santa Clara county. This is the information telegraphed Will C. Wood, State Superintendent of Public Instruction, by Miss Agnes Howe, county Superintendent of Schools. One of these schools is a kindergarten, the others being of grades up to the eighth. Miss Howe states that all these schools are open from 3 to 5 p. m., and are located in this city, Alviso, Berryessa, Los Altos, Mayfield and Mountain View. The total enrollment is 182.

CHINA TO ACCEPT BOLSHEVIK AID

Red Army Reported to Be Moving to Help Country's Wrongs

London.—A dispatch to the London Times from Peking, dated March 29, says the Chinese Government has received a message from the Moscow soviet, through Commissary Jansen at Irkutsk, announcing that a red army is maching east to succor the workmen and peasants in Siberia from the "brigands Kolchak, Semenoff, Horvath and their Japanese allies, and establish everlasting peace."

The communication expresses horror at the crimes committed against China and undertakes to annul all treaties and renounce all privileges improperly acquired from China.

China is urged in the communication to resume negotiations for the restoration of the Chinese Eastern Railway, the cancellation of the protocol of 1901 and the extra-territorial rights hitherto enjoyed by the Russians and the renunciation of the boxer indemnity, the privileges of orthodox missionaries and mining rights.

The dispatch says the soviet also offers to hand over to China without charge the great Russian tea factories at Hankow. The only condition made is that the people of China have complete freedom to determine their own system of government.

The message, the dispatch declares, vaguely indicates that the services of the red army will be available to deliver China from foreign imperialistic and capitalistic ambitions.

The correspondent says there is no doubt that everything offered will be accepted by China. The Bolsheviki, he adds, have succeeded in establishing themselves in the good graces of the Chinese and the future between them promises to be full of harmony.

Sonora—Martin Brett and Joseph Novak, miners employed on the Hetch Hetchy project were killed by the premature discharge of dynamite in South Fork tunnel, four miles above Gloveland. Several others were injured but not seriously. Brett and Novak were, it is alleged, engaged in tamping a charge of dynamite in a drill hole, when it went off. Brett was terribly mutilated, both legs being blown off in addition to his fingers. Novak was blasted about the body.

Santa Ana.—Georges Mathieu, a French veteran, hanged himself in the little jail at San Juan Capistrano, near here, March 31, after he had been held to answer in the Superior Court on a charge of grand larceny. Mathieu, who was employed in a resturant, attempted to ship a box of merchandise to Mrs. Georges Mathieu of Oakland. Suspicion was directed to the box, which upon investigation was found to be filled with cafe property, and the man's arrest, hearing and suicide followed.

Redding.—Willis Walker, treasurer of the Red River Lumber Company here, confirmed the report that his company has bought the Terry Railroad, connecting Anderson and Bella Vista, from the A. M. Simpson estate. The road is sixteen miles long and connects the Southern Pacific with the outlet of the thirty-two mile flume that transports lumber from the Red River Company's mill near Round Mountain.

Los Angeles.—George Fredericks, a chauffeur, and Spencer L. Poynter, a tree surgeon, detained by the police for interrogation following the finding, Friday night, March 26, of the body of Mrs. Ruby Reed, were released. The police said both men were completely exonerated.

Los Angeles.—Nicholas Steelink, first of fifteen alleged I. W. W. to be placed on trial here on charges of criminal syndicalism, was found guilty by a Superior Court jury after it had been out twelve minutes. The penalty is imprisonment from one to fourteen years.

Santa Ana.—The three-months-old son of Mr. and Mrs. Mark B. Lacy was almost instantly killed here when he slipped from the hands of his mother, as she lifted him from the bath tub, and fell head first to the floor.

WILL YOU GO CANOEING IN THE CLOUDS?

Here's a little vest pocket size airplane which bears to aeronautics the same relative position as the canoe does to the marine world. Weighing only 150 pounds, with a wing spread of 22 feet, this little ship with its nine horsepower is capable of flying at 50 miles an hour. All the stunts performed in the larger army airplanes have been done with the midget which has proved remarkably steady in the air considering its weight.

It was designed and built by Chester F. Slinger of Palo Alto, California, and was first flown by Pilot Lynn E. Melendy, who learned to fly while with the U. S. Marine Corps, during the war. He is a gunnery sergeant in the Marine Corps Reserve and now instructing at the Aviation School, Redwood, California. Slinger says it can be successfully built and sold for about $600.

WORKERS CONTROL SAXONY CITIES

City Attorney of Plauen Held Captive Until He Gives Up Papers for Prosecution of Unionists

Falkenstein, Saxony. — Workers have taken over control in towns and cities of lower Saxony, but their is an impression their ascendency would be short-lived, as they are not sufficiently organized in a military way to resist pressure successfully.

In this little town, tucked away in a pretty valley 15 miles from Plauen, Max Hoelz, whose regular job is lecturer in a moving picture theater, is directing affairs. Widespread reports he had established a soviet republic here made him famous throughout Germany a few days ago, but these rumors are declared untrue. The burgomaster fled when the upheaval came and workers have since been co-operating with the other town officials.

One hundred workers under the direction of Hoelz entered Plauen Sunday night, March 21, and kidnapped City Attorney Hubert and held him until he gave up data he had gathered for the prosecution of trade unionists and communists accused of political agitation. Herr Hubert's wife came to Falkenstein and secured the release of her husband after he had been a prisoner for five hours.

Hoelz has established headquarters in the castle of Freiherr Falkenstein, who has fled from this region. It was in a room of this castle that the Associated Press correspondent interviewed Hoelz. He is a small, young appearing man. He said in part:

"The time is not ripe for the establishment of a soviet form of government. The agriculturists would not approve of it and we would be quickly starved out. We recognize the absolute helplessness of workers in case of armed conflict and we will not attempt to physically resist military occupation of Falkenstein. If the troops appear we will again call a general strike."

Hoelz, for whose arrest there is a reward of 5,000 marks, said the workers' grievance against the government was its militarism, and asserted they would try to weaken the government by agitation. Government troops entered Gotha March 25, to round up leaders of workers and search the city for arms and ammunition. A long column of troops was passed by the correspondent when he left Gotha and his luggage was searched several times.

During the long trip here government troops were met several times. At Jena everything was quiet, and the workers were organizing a guard. A few miles further on the village of Germewitz was found to be occupied by a small band of armed workmen, who declared that if the troops attacked the place they would fight to the last man.

"We didn't know why we fought the allies," said the leader to the correspondent, "but we know what we are fighting for now."

Communists to Resist Troops.

Chemnitz, Saxony. — Communists are firmly entrenched in control here and prepared to resist attacks by government troops which may be sent against the city. In the event the troops secure control a general strike may again be called. Heinrich Brandler, chairman of the executive committee of the workers, declared his followers were closely cooperating with workers in the Ruhr valley.

There are 12,000 men under arms in this district, and Brandler said the workers' leaders would call upon not only the workmen of Chemnitz, who made up 92 per cent of the population, but those of the entire Vogtland and Ore mountain regions.

The mayor of the town confirmed Brandler's declaration that workers were co-operating with the municipal authorities without interfering with the later.

BIG BARBECUE TO BE GIVEN AT JAMES RANCH

Fresno. — On Saturday, April 10, a monster barbecue will be held at the James Ranch Colony, 30 miles west of Fresno, to commemorate six months of development on the newest colony project in this part of the valley. The James ranch was opened up to settlement following a barbecue given on September 14 of last year. Now 50,000 acres have been sold in small parcels to settlers, who have gone upon the land and built homes and improved the land. Two towns, Tranquillity and San Joaquin, each with a population of over 500, have sprung up. In one a $50,000 high school has been erected, a milk products plant costing $50,000, and in the other a $30,000 grammar school, a $40,000 bank building and a water works system connected up with two artesian wells sufficient to supply domestic water for years to come. Also an electric light system supplied from two gas wells harnessed to modern electrical machinery.

Don Jose Romero of Los Angeles will prepare the barbecue from beeves raised on the big ranch.

NORTHERN COUNTIES DECIDE ON HIGHWAY WORK

Completion of 165 Miles of Road Included in Programme

Redding. — Northern California will be very reasonable in its demand for State highway construction this year, but will strongly insist that this program be carried out. This was decided at a meeting of the executive of the Northern California Counties Association, representing Siskiyou, Trinity, Shasta, Modoc and Lassen counties.

Approximately 165 miles of State highway are included in the request to be made for the five northern counties, and the representatives of the various counties feel that the State Highway Commission will gladly assure their completion.

Every chamber of commerce and development association, every board of supervisors, and city and town officials will be asked to indorse the program, which asks the immediate construction of these units.

Siskiyou county — Completing the surfacing and paving of the main north and south state highway from the Siskiyou county line to Yreka; completing survey and further construction on the Klamath river road.

Trinity county—Filling in the gap down Trinity river from Burnt Ranch to Big Bar on the Redding to Eureka lateral, a distance of twenty-one miles, and building a lateral to connect Weaverville with the main lateral at Junction City.

Lassen county—Building the unit of the state highway from Mountain Meadows to the Plumas county line.

Modoc county — Completion of the Redding - Alturas lateral from Adin Hill into Aduras, a stretch of tweny-eight miles.

Shasta county—Paving of Redding-Cottonwood unit and construction of the Ingot-Burney unit of the Redding-Alturas lateral.

FLAMES DESTROY SAN LUIS OBISPO MISSION

Priceless Relics and Organ Rescued; Edifice Was Built by Father Serra

San Luis Obispo. — The historic San Luis Obispo de Tolosa Mission, founded September 1, 1772, by Father Junipera Serra, virtually was destroyed by fire March 27. Paintings said by the Mission attendants to be priceless and the Mission organ were saved. All persons in the Mission escaped the burning building in safety. Nothing but the walls remained of the old edifice, and these were said to be greatly weakened and in danger of falling. The fire was said to be due to defective wiring.

The Mission of San Luis Dbispo de Tolosa was the fifth of the early California Missions to be established.

It was the first in which Mission tiles were used, these having been conceived to protect the missions from fires which had damaged earlier Missions of wood or grass roofs.

The constructor became known as the Tile Padre, and thereafter tiles were used on all following missions.

About 30 years ago the Mission was restored with board sides, shingle roof and shingle bell tower, quite different from the original outlines.

The remains of the original adobe walls were within the wooden structure, and from them were hung many beautiful paintings brought from Spain.

The interior was one of the most beautiful of the California Missions.

The Mission was named after St. Louis, Bishop of Toulous, France. An old statue of St. Louis was placed before the altar. The cope and stole and old cross used by Father Serra at the celebration of the first mass in the Mission were among the Mission's treasures.

Construction started in 1772 and was completed in 1793. In the original Mission were barracks buildings and workrooms, but these have virtually fallen to decay.

Modesto.—The city council Mch. 24 sold the $289,000 civic improvement bonds authorized by the voters last December to four local banks at par and accrued interest. The Bank of Italy and the First National bank each purchased blocks of $100,000, the Modesto bank purchased $64,000, and the California National bank took $25,000. Bids for the laying of four blocks of street paving and numerous street intersections, amounting to approximately $35,000, were received and the contract let to the Standard Paving company of Modesto on a bid of 18½ cents per square foot. Howell and Bowman were awarded the contract for a new well for the municipal water system. The well will be located in the northeastern part of Modesto and will cost about $2100.

BAPTISTS HEADS TO MEET HER

Leaders in Strengthening Movemen to Come From Eight States— To Organize for Drive

San Francisco. — Beginning on April 6, leaders in the Baptist New World Movement in every county in the eight Western states embraced in the Western area of the campaign will meet with the San Francisco church campaign directors and the pastors of the individual churches to perfect final details to insure the West's quota of the $1,000,000 fund sought by the Northern Baptists during a week of intensive campaigning from April 25 to May 2.

Following the county conferences, all of which will be completed by the middle of April, the church committees will perfect their organizations for the final canvass.

Director A. A. Protzman of the Western campaign reached this city March 27 after a tour of the conferences in Washington, Oregon, California and Arizona.

"One of the most significant things I noted in these conferences," said Director Protzman, who is nationally known as an organizer from his work in many of the great patriotic and religious campaigns, "was the attendance of the big lay leaders of the church in their respective communities, merchants from large cities, lumbermen, cattlemen, farmers, fruitmen and leaders in all the varied industries of the West, coming together in aid of the great church movement."

The Baptist New World movement is essentially a laymen's movement of church strengthening in the present fields and for the extension of the work of the church into other fields.

The State campaign directors for the Western area are:

Arizona, Colonel L. W. Coggins, Phoenix; Northern California, Dr. T. B. Holmes, Oakland; Idaho, W. H. Witty, Boise; Southern California, J. O. Smith, Los Angeles; Montana, C. B. Stevens, Eureka; Nevada, Professor . E. Scott, Reno; Utah, Frank J. Lucas, Salt Lake City; Eastern Washington, D. H. Anderson, Spokane; Western Washington, W. M. Livengood, Seattle, and Oregon, W. O. Sims, Portland.

The allotments for the same states are: Arizona, $215,000; Northern California, $1,654,000; Southern California, $3,669.000; Idaho, $287,000; Montana, $200,000; Nevada, $51,000; Utah, $75,000; Eastern Washington, $626,000; Western Washington, $830,000, and Oregon, $1,045,000.

ALL MALES IN VILLAGE SLAIN BY VILLA ORDER

Bandits Massacre More Than Fifty Men, Women and Children

El Paso, Tex.—An entire Mexican farm settlement near Santa Barbara, Chihuahua, was wiped out Sunday, March 14, when Francisco Villa and his followers massacred more than fifty men, women and children and burned their homes and crops, according to a report brought to the border.

Angered because a small party of his men had been fired upon near the community on the previous day, Villa with 150 men swooped down on the place. The farmers stoutly defended their homes and it was not until twenty-five or thirty of them had been killed and their ammunition exhausted that the survivors, twenty-five in number, surrendered, according to this report.

These survivors, there is reason to believe, would have escaped with their lives had not one young man, crazed with grief over the loss of his wife and family, attacked Villa and attempted to wrest the rebel leader's gun from him.

Villa subdued the man after a struggle and shot him dead. In his fury Villa then ordered all the men of the community put to death and the houses, grain and other possessions of the community burned, it was said.

According to one of the three men who escaped, a small party of Villa followers rode up to the village on Saturday night and demanded provisions. Upon being refused they threatened to shoot up the community and members of the local militia, or social defenders, opened fire on them, driving them into the brush.

The next morning the reprisal attack began and lasted several hours, during which time the farmers succeeded in killing at least fifteen of the attacking party.

A Regular Man

A farm hand who had worked every day in the week from dawn till late at night, finishing the chores by lantern light, went to the farmer at the end of the month and said: "I'm going to quit. You promised me a steady job of work."

"Well, haven't you got one?" was the astonished reply.

"No," said the worker. "There are three or four hours every night I don't have anything to do except fool away my time sleeping."—Buffalo Times.

Business and Scholarship

"Do you think a college education helps a man in business?"

"Not right away," answered Mr. Dustin Stax. "But after a man gets rich enough to indulge in litigation, school training will help a great deal in answering the lawyer's questions."

Kid Sullivan (upon to his old tricks)—Good morning, little one. Haven't I met you somewhere before? Smooth—It's quite likely. I used to be a nurse in the insane asylum.—Detroit Varsity News.

Impossible Prescription

"You are suffering from brain fag and ennui," announced the specialist. "You should take more interest in your business."

"I would like to," replied the patient.

"Then why don't you?" demanded the specialist.

"The law won't let me," replied the patient. "I'm a pawnbroker."—Houston Post.

An Indifference

"You don't appear to take much interest in this investigation."

"No," answered the ultimate consumer; "I'm busy hustling to meet bills. I can't stop to referee disputes as to whether the situation is due to higher cost of production or lower purchasing power of a dollar. It hits me either way."—Washington Star.

CALOMEL MAKES YOU SICK. UGH!

"Dodson's Liver Tone" better than calomel and can not salivate.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.—Adv.

SECURE VEGETABLES FROM SMALL GARDEN

Can Be Made to Yield Throughout Entire Season.

Tenth of an Acre Well Planned and Given Careful Attention Will Produce as Much as a Full Acre of Field Crops.

(Prepared by the United States Department of Agriculture.)

Many farmers fail to realize that one-tenth of an acre devoted to a well-planned and well-tended garden will in many cases produce as much food as an acre of field crops.

The garden should be, and can with a little planning be, made to produce throughout the entire season instead of only during a month or two in the spring.

Three to five plantings of snap beans planted at intervals of two or three weeks, at least three early and

Products From Well-Tended Garden.

one late planting of peas, and frequent small sowings of lettuce will insure a continuous supply of these vegetables during the entire season.

Sweet corn should be planted every two or three weeks during the early part of the season, and if the growing season is long two plantings should be made in July or August for autumn use.

The early garden should also be planted so that space will be available when needed for planting fall and winter crops, thus making it possible to have fresh vegetables practically the entire year.

SPLENDID PLACE FOR BRUSH

Material Should Be Hauled Away and Used for Stopping Washing of Fertile Soil.

Brush and straw piles that will be in the way next spring should be hauled away and used to stop soil washing. Aside from using straw as bedding for live stock or spreading it over fields, this is perhaps the best use to make of it. Everyone has seen enormous gullies cut in a single season and years spent in trying to undo the mischief. The moral is stop the washing while the ditch is small.

Small gullies that have just started in corn fields or wheat fields, or even in pastures or meadows, may often be stopped with a little straw. Even cattle paths in pastures often deepen so that they need such treatment. In other places it is necessary to plan to sow sorghum to stop washing, but if the gullies are more than a foot deep and two or three feet wide it is usually better to use brush, according to the University of Missouri College of Agriculture.

The brush dam gives better results if straw is mixed with the brush to help hold the dirt. Wherever the fall is great enough to make the water cut seriously it is likely to be necessary to stake down the brush and straw so that they will not be washed away.

The less busy winter time should be used in active work to stop losses from soil washing and in planning next season's field work so that the fields will be planted and cultivated across the slope or around the hill. Then the rows will not run straight down the slope and thereby furnish the steepest possible channel for the run-off from rains. Those who have such winter cover crops as rye to hold the soil in place are fortunate, but those who do not should not flatter themselves that no washing is going on even in winter when there is less rainfall.

SCALES OF BIG IMPORTANCE

As Nearly All of Farmer's Produce Is Sold by Weight He Should Have Set on Farm.

Nearly all of the farmer's produce is sold by weight, and it is not enough to stand by and see it weighted on the buyer's scales. You should have a set of your own in your yard so that you may be sure you are getting all that you are entitled to.

FOWLS ARE OFTEN SLIGHTED

Chickens Afford Means of More Cash and Meat Than Any Other Stock on Farm.

Chickens are too often discriminated against when feeding at the barn is done. As a rule chickens afford the family more food and sometimes more cash for the money and time expended on them than any other live stock.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of freezone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.—Adv.

"THE DOCTRINE PREACHED by Senator Johnson is pure American doctrine. It strikes a note the campaign of no other candidate has sounded. That it will have its effect there can be no doubt. Despite advantages possessed by other aspirants, we are much mistaken if the Senator from California does not loom in the public vision as the dominant candidate for the Republican nomination."—Brooklyn Times.

AIRPLANE KILLS SAN JOSE CHILD—News head. At that it is not hard to prophesy that before long pedestrians will need to dodge air as well as surface machines, and subway cars. Let's go to the country and escape it all.

THE WALTONITES report "bum luck" at their favorite trout streams. Why not declare closed trout season for about three years? Then your luck would pick up a bit, at least in size.

Locals and Personals

Mrs. E. D. Hubbell was down from Berkeley for a few days this week.

For Sale:--Good horse. Inquire of C. W. Foles, Santa Clara Road. 41x

Mrs. William Turnbull, of San Francisco, is a guest at the S. G. Rodeck home this week.

Dr. and Mrs. W. I. Merrill have issued invitations for a party to be given this evening in Odd Fellows hall in honor of Frank Mendel.

The Shakespearean reading contest to be held at the high school, and to which the Country Woman's Club was invited, has been postponed from next Monday to Monday, April 19, at 2 p. m.

Mrs. Robert Hamilton entertained the Johnson Avenne Improvement Club on Monday afternoon. At the meeting it was voted that the Club take a membership in the "Save the Redwoods League" to show its interest and support to the good cause.

The members of the library association will hold the postponed annual meeting at the library tonight at 7:30. A one-dollar bill makes you a member and you are cordially invited to attend the meeting. As our library expenses are paid by donations, every dollar is appreciated.

Cambrian school is closed today as the children are enjoying a picnic at Alma. All of the Cambrian district was invited and interesting games and events planned. Arrangements were made by the Cambrian P. T. A., which is one of the most active clubs of the rural schools of the county.

Work on the new bank and store building is steadily progressing. The west foundation for the party wall with the Farmers' Union, is completed, and the re-enforced concrete vault for the bank is rapidly taking form. When completed, this new block will be Campbell's finest store structure.

Charles Townsend suffered a very severe and painful fall from the top of his tank house last week. When he was found by Mrs. Townsend he was lying in a heap, with his face in the gravel and his arms under him. Aid was called before he could be carried into the house. Although somewhat improved, he is so bruised and strained that he is still unable to move any part of his body, hands or feet, and must be fed and cared for by the family.

Hoover Club Organized

A Hoover Club was organized in Campbell Wednesday evening, and started its career with much enthusiasm.

Mr. Paul F. Clark, of San Jose; S. P. Patterson, of Saratoga, and Rev. Emerick, also of Saratoga, expressed their views in support of Mr. Hoover, as did some of the local promoters.

Stanley Smith acted as chairman, and officers were elected as follows: President, S. A. Moulton; First vice., Miss Mary Lewis; Second vice., Mrs L. F. Shaw; Third vice., C. H. Whitman; Secretary, Mrs. I. W. Snow; Treasurer, Ralston Alison.

Our Debaters Win

Yesterday afternoon the double debate between the Campbell and Santa Clara teams was held, one at each school.

The subject for the debate was: "Resolved, That courts of arbitration be established in the United States for the settlement of disputes between capital and labor."

The Campbell team which debated at Santa Clara was Dorothy Merriman and Harold Quimet, who had the negative, and at home the speakers were Emily Duncan and Neva Williams, who upheld the affirmative.

Miss Agnes Howe, Mr. A. F. Hills, and Mr. C. F. Rubell served as judges for the local contest. Their decision was unanimous in favor of Campbell as was that of the judges at Santa Clara. Hurrah for our side!

An Afternoon In France

Those ladies of Pundita Circle who attended the "Quilting Bee" at Mrs. Sourrisseau's, in Campbell, were rewarded by a splendid travelogue given by the hostess.

Considerable thought and time had been expended on the subject, France, and her essay was well written, visualizing the richness and splendor of Paris, the city of pleasure; the wonderful architecture of the castles of La Touraine; the beautiful mountain resorts with their curative baths and springs; the lovely scenery of the Pyrenees, rivaling that of Switzerland, and the noted chateau of Fontainebleau, where the Old Guard bade farewell to the "greatest soldier of the world," Napoleon, before his departure to Elba, made her listeners wish they had all seen La Belle France before the late war had destroyed so much of her beauties.

The French are not apt at crude or heavy work, but no one can excel them in anything requiring fineness and delicacy, for example, their hand-made laces.

Both the rich and the poor are noted for their cuisine.

The Riviera, one of the most beautiful places in the world, came in for its fair share of praise, while the principality of Monaco, containing the most noted gambling den of the world—Monte Carlo—with its almost daily tragedies, was a scene to shudder at, and to wish removed from that beauty spot of the world.

Mrs. Sourrisseau had several pieces and garments of hand-made lace, from Paris, to exhibit to the ladies.

Delicious French salad, wafers and chocolate were enjoyed by all present.

Hand painted baskets, containing salted almonds, and napkins (also hand-painted) with designs of the tri-color of France and the fleur de lis were dainty accessories to the repast, serving as souvenirs of Mrs. Sourrisseau's handiwork and entertainment.

The parlors were beautifully decorated with the Royal Purple Lily of France, and the gracefully drooping Wistaria.

The next meeting of the club will be held at the home of Mrs. H. W. Williams April 21, when the subject "India" will be taken up. Mrs. Williams will be assisted by Mrs. R. B. Henry.

Dr. Stallman Locates Here

Dr. G. G. Stallman, of San Francisco, has taken over the dental offices of Dr. W. A. Sehorn, in the Curry Block. Dr. Sehorn purchased a ranch at Morgan Hill some time past and has now moved to that place.

For the month of April Dr. Stallman will be in his offices from Wednesday to Saturday, inclusive, of each week, with hours from 10 to 4, earlier or later hours by appointment.

After this month he will be here permanently, and will bring his family if he can find a house in which to live. He has expressed himself desirous of making his home here where his work is, and we trust his search will not be in vain.

Campbell would be glad to have a resident dentist, and should accord him a generous patronage.

The next few days will be "moving time" on north second street. The C. E. Day family, who have been living with the W. H. Strays, began moving today out to the house on Foxworthy Rd. next to their ranch which they have rented. The Ralston Alisons will be domiciled in their new home, and S. G. Nelson will occupy the Hyde-Thomas house until his new home is erected. Very soon the L. T. Lennox family will establish its Lares and Penates under Mr. Nelson's former roof. Campbell has witnessed a number of these "fruit basket" moves in the past year.

A WORLD REBUILT

By the Golden Rule not by the rule of Gold

THIRTY denominations of the Church are uniting in a simultaneous campaign in the week of April 25th-May 2nd.

They are uniting because the task before the Church is too great for any one denomination; because there must be no duplication of effort; no waste.

These churches know that the world needs many things; but it needs Faith most of all.

They know that there can be no final solution of our economic problems that is not a spiritual solution, based on the teachings of Jesus Christ and His Golden Rule.

They have had the courage to survey the whole task, and to ask for a budget large enough to sustain (1) the work abroad, (2) the work at home including the church's part in the huge task of Americanization, (3) the colleges and (4) hospitals supported by the Churches, (5) the religious training of the young, and to provide (6) a living wage for the Church's ministers.

The budget is large in the aggregate; yet if each person who loves America would increase his contribution by only a few dollars the whole amount would be easily subscribed.

We face the task of rebuilding the world. Let the cornerstone be a strong and vital church in every American community; and the measuring rod by which the builders build must be the Golden Rule.
